LeBaron Bonney and our subsidiaries Hampton Coach and ABC Auto Upholstery have been providing antique auto enthusiasts with antique auto parts, upholstery, and top kits for nearly 50 years. We produce Interior Upholstery Kits and Tops for over 800 Models and variations of models of Ford, Mercury, Chevrolet and Buick auto and trucks covering the years from 1916 thru 1962.

Welcome to our Winter 2015 LeBaron Bonney Parts and Accessories catalog.

I would like to start by thanking our customers for making 2015 such a great year. 2015 has been successful not only from a sales standpoint, but also we have evolved LeBaron Bonney Company to provide products for a wider variety of automotive applications. All the while continuing to provide the excellent level of personal service our customers have come to expect.

Expanding our automotive applications has given me the opportunity to personally speak with many of our customers and authorized resellers over the past months. Having customers share their restoration project experiences with us is a great benefit as we focus our company mission on serving, contributing to and helping to grow a wonderful hobby that is often passed on from parent to child. After all, as I have said before, that is exactly how LeBaron Bonney came to be – a father and son restoration of a 1930 Ford Model A Deluxe Roadster that paved the way to the high-quality line of pre-fabricated interior kits our customers have come to know and appreciate.

2015 has been particularly exciting as we have introduced our EZ Boy Daily Driver Series Interiors, and the LeBaron Bonney Design Service. EZ Boy Daily Driver Series Interiors are available for Ford Model A, Ford V8, and Mercury vehicles. The interiors are precision made using original patterns, yet offer a lower everyday price through use of exceptionally high quality non-original materials, rather than factory type materials. The materials resemble those original to the vehicle, but are more appropriate for casual use than a concours winning restoration.

The LeBaron Bonney Design Service was introduced for people who are having a hard time finding a restoration interior for their vehicle. We take the hassle out of getting the needed upholstery. Simply provide us with vehicle information and we'll source the appropriate fabrics, and work with you to produce a high quality kit that is complete and ready to install. More information on the Daily Driver Series, and Design Service can be found on our website www.lebaronbonney.com. We are pleased that the new product line and service will allow us to better serve our customers, and also allow us to grow and expand while remaining loyal to our roots.

As always, our talented and hard-working customer service, sales and manufacturing teams are focused on making your experience with us the highest-quality and most pleasurable experience possible. We have a great team here at LBB and I highly recommend you give them a call to help you in any way they can.

I am truly pleased you have chosen our company to assist with your project. Welcome to the LBB family!

Scott Holbrook
President

LEBARON BONNEY and HAMPTON COACH AWARD WINNING RESTORATION INTERIORS COMPLETE AND READY TO INSTALL

- Precision made using original interior patterns and correct original type fabrics

New! EZ BOY DAILY DRIVER SERIES INTERIORS For Ford Model A, Ford V8, and Mercury

For the budget conscious we present EZ Boy Daily Driver Series Interiors that are precision made utilizing original patterns, yet offer significant cost savings by using high quality non-original materials. **Contact us for information.**

LEBARON BONNEY DESIGN SERVICE Makes it Easy to Reproduce Your Interior!

- Having difficulty finding seat upholstery, door panels, headliners, or carpeting for your classic or near classic vehicle?
- The LeBaron Bonney Design Service can reproduce them as high quality kits that are complete and ready to install
- We do the work for you. Simply provide us with basic vehicle information. We'll source fabrics, identify proper patterns and stitch styles, and then provide you a free quote for completing the kit.
- Interiors can be produced as restoration correct, similar to factory, or custom, and at a price to suit your budget

Multi-Tool for removal & installation of window seals.

This high-quality hand tool is designed for safe and efficient removal or installation of all rubber window seals. The specially designed tip allows you to easily adjust window seal lips without puncturing or tearing the seal. The multi-tool also works for accessing hard to reach places like mechanisms or any other mechanical tight spot. A very affordable tool that pays for itself in one use. TL-112

1934 Ford Window Channel Kits

1934 has two styles of doors, each requiring a different kit. If your inside door handle is located in the front of the door panel, order the kit with F at the end of the part number. Likewise, if your door handle is located in the center of the door panel, use the kit with C at the end of the part number.

These kits include all the special metal and U-shaped channels that are felted like the originals, with clips attached. Included are door and garnish moulding felt or bumpers, attaching screws and lower cushion bumpers.

40-45983-3W	1934 3-window coupe	\$97.00

Model A & Early V8 Ford & Mercury Door Windlace Sets

Windlace sets are made with the correct size core and covered in the proper materials for each year and body style listed. Please specify color choice when ordering. Windlace sets are listed in different categories, depending on what covering and core was original for that year and body style's interior. If you are ordering a set marked with an asterisk (*), you need to provide color information for the flaps stitched onto the windlace, usually headliner fabric on closed cars and vinyl on open cars. We can help you determine what you need. Prices are for the complete set. Fabric samples are available upon request. Please allow 1 week production time. Windlace also available for GM vehicles, inquire.

Cowl Panels

Ford Model A and V8 Ford Cowl Panels

Many times, just the cowl panels need replacing. LeBaron Bonney will make a set for you duplicating the originals as close as possible. Any necessary hardware is included. Most of our Model A cowl panels are made with a grained paper surface to simulate the original and are available in black or green. Vinyl covered cowl panels match the interior. Our closest to original vinyl choices are listed. A-1 black/brown cross grain; A-5 blue/gray colonial grain, N-10 crush brown, X148 black colonial grain, N-8 ginger brown vinyl, BR-5 and B-1 brown, and MV-4 green. Samples are available free upon request.

Allow 1 week production time. Please specify color choice when ordering.

PMCFBC36 Front mat in BC-36 gray square weave..... \$58.00

PMCFBC76 Front mat in BC-76 green square weave..... \$58.00

Front and rear carpets are available for many Fords 1928-62 and Mercurys 1939-51 as well as many of the GM vehicles for which we make interior kits. Please call for information and free carpet samples.

Rubber Floor Mats for Ford & Mercury

High quality, well fitting mats made in the original Ford pattern. However, the Model A front mats are too narrow for the standard fordor sedans 60-A, B & C, 170-A & all 1929-31 Briggs & Murray fordors. We can offer a carpet made to pattern if desired.

A2053 1928-29 brake to front, black \$52.00

(The emergency brake handle is mounted to the front of the gearshift lever.)

A2005 1929-31 brake to right black \$64.00

Carpet, Rubber Floor & Trunk Mats

Ford V8 Front Mats for Cars & Wagons

Early V8 floor mats are from the original molds, which unfortunately have developed flaws after years of production. Until the manufacturer is willing to have new molds made, this is the only quality available to antique auto parts suppliers like us. Please keep this in mind when ordering. Returns will be accepted for refund if you are not happy with the quality.

Ford ABS Firewall Insulators

High quality ABS plastic firewall insulators are available for most American cars and trucks 1928 and later. Firewalls are complete with heavy duty, dense insulation installed and holes drilled. Excellent fit and easy to install. Models out of stock at time of order may be drop shipped from factory. Not original for Model A's but a great way to reduce noise and heat. Inquire about models not listed. Firewalls are also available without holes drilled on a special order basis. **UPS oversized items. Actual shipping & handling charges will apply**

DC-B Model A Victoria and Dlx. 2dr. Phaeton\$45.00

Ford Radiators

Show quality workmanship. Radiators are made similar to the originals with copper fins, galvanized steel side-walls, and steel shell mounting brackets. All models are equipped with an internal overflow baffle under the filler neck, like the original, to prevent water loss at higher speeds. Mfg. by Brassworks.

All 1928-29 radiators are equipped with hood rest brackets for holding either or both sides of the hood open during engine checks.

All 1928-31 radiators are built with cores that have a notch at the top like the originals. Also as original, the radiators have three headlight wire harness tabs soldered to the back side of the radiator bottom tank.

Please allow 4-6 weeks for delivery.

A-8005-AO	1928-29 radiator as original, with 6 fins per inch & round-tube core. Painted black.	\$770.00
A-8005-A	1928-29 radiator, with 10 fins per inch to provide as much cooling as possible, 7 flat-tube core. Painted black.	\$690.00
A-8005-BO	1930-31 radiator as original, with 6 fins per inch, dimpled fins as original, flat-tube core. Painted black.	\$770.00
A-8005-B	1930-31 radiator, with 10 fins per inch to provide as much cooling as possible, 7 flat-tube core. Painted black.	\$690.00

Pressurized radiators are also available on a special order basis. They come equipped for an optional modern pressure cap located under the hood that can increase the boiling point of the water to 224 degrees F (212 degrees F at sea level) if the recommended 4-psi cap is used. If a 15-psi cap is used (not recommended) the boiling point is raised to 257 degrees F. A 7lb. Stant brand cap may be used. Great for overhead valve conversions, high compression heads, or extra insurance against boiling while touring. A non functioning filler neck is located in the stock positions so the original radiator cap can be used.

Please allow 4-6 weeks for delivery.

A-8005-PAO	Pressurized 1928-29 radiator, with 6 fins per inch & round-tube core. Painted black.	\$775.00
A-8005-PA	Pressurized 1928-29 radiator, with 10 fins per inch to provide as much cooling as possible, 7 flat-tube core. Painted black.	\$710.00
A-8005-PBO	Pressurized 1930-31 radiator, with 6 fins per inch, dimpled fins as original, flat-tube core. Painted black.	\$775.00
A-8005-PB	Pressurized 1930-31 radiator, with 10 fins per inch to provide as much cooling as possible, 7 flat-tube core. Painted black.	\$710.00

All radiators will ship actual shipping charges and handling. Other radiators are available on a special order basis such as AA truck radiators, other years, makes and models. Please inquire.

TNK-4
BACK VIEW

Model A Trunks. May also be used on other vehicles

Custom-made Premium Model A trunks are sized to fit deluxe style trunk racks. They measure 13" wide, 34" long and 20" high. Curved back trunks are typically for sedans and phaetons using side mount spares. Trunks are available in black vinyl with black leather trim, and tan vinyl with tan leather trim. Hardware is nickel plated. Leather trunk mounting straps are included. Felt lined. Premium trunks are custom made to order. Please allow 4-6 weeks for production.

Special order trunks available. Please inquire. Trunks are UPS oversized items; actual shipping & handling charges will apply.

TNK-1	Straight backed trunk, tan vinyl	\$825.00
TNK-3	Straight backed trunk, black vinyl	\$825.00
TNK-4	Curved back trunk, black vinyl	\$845.00
TNK-5	Curved back trunk, tan vinyl	\$845.00
TNK-6	Straight back trunk, black w/ tan trim	\$825.00
TNK-7	Curved back trunk, black vinyl w/ tan trim	\$845.00

We can upholster your Glide Seat! Styles vary by seat; pattern charges may apply. Please inquire about our upholstery services.

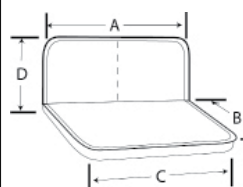

1930-1948 Split Back Bench.
Available with fold down armrests.

Glide Engineering seat frames are the best after-market frames available. They are made in the U.S.A. and are built to last using powder coated steel frames and zig zag springs. We offer the entire line of Glide seat frames in a variety of styles, including bench, split bench, bucket, with reclining or fixed backs, and with or without fold down armrests.

All Glide seat frame styles are available with foam and/or upholstery packages. Order based on dimensions. Vehicles listed are for general reference only.

Supplying Restorers Since 1960

LeBaron Bonney, along with our divisions of Hampton Coach and ABC Auto Upholstery and our new EZBoy product line, is world-renowned as a specialist in restoration quality antique auto upholstery. For the past five decades, we have researched, developed and stocked the original type fabrics needed for the 800+ interior and top kits we offer for antique autos from 1916–1962.

We currently have over 500 original type fabrics and over 200,000 yards in stock, ready to be shipped. Although we specialize in Ford, Chevrolet and Buick vehicles, whatever make and model you are restoring, we may have the material you are looking for, at a reasonable price. Our new EZBoy product line offers a wide variety of fabrics for custom restorations.

MOHAIR

Pile upholstery fabrics comprised of 100% wool. A wide variety of colors are available as well as a two-tone stripe found in many of the vehicles of the 30's and 40's.

LEATHER & VINYL

We offer an extensive selection of top quality leather hides. Many have companion vinyls allowing us to provide complete interiors for cars with leather seats and vinyl panels. We inventory a large stock of vinyl from leading manufacturers.

CARPETING

100% wool carpet is available in both square weave and pile authentic for cars from the 1920's through the 1950's. We also offer a wide range of colors in nylon pile carpet and nylon loop as used in later model cars.

TOPPINGS & DRILLS

Stayfast and vinyl toppings for open and closed cars. Several are made exclusively for LeBaron Bonney. Bow drills to coordinate with the open car toppings are also available.

HEADLINING

Exclusive high quality 100% napped cotton presented in a variety of colors.

WOOL BROADCLOTHS

A full spectrum of solid colors and various striped patterns. These custom made fabrics are duplicates of those used in Fords, Chevrolets, Buicks, Packards, Plymouths, as well as many other makes of the 20's, 30's and 40's. We also have authentic Model A check and hairline cloth.

A few samples from our coachlace collection

Our ability to offer our "fabrics by the yard" makes this incredible inventory of special interest fabrics and materials available to you in small quantities and at competitive prices. We make every effort to ship your order quickly... often on the day it is received.

Choose from wool broadcloths, toppings, headlinings, trims, carpeting, mohair, bedford cords, jacquard, bow drills, leathers and vinyls.

We also offer a wide selection of upholstery supplies, pre-cut panel sets and complete upholstery kits. See www.LeBaronBonney.com for more information.

BEDFORD CORDS

The same fine wool cords used in most cars of the 50's. Two rib types from narrow to wide are offered in a variety of colors. Several striped patterns are also available.

JACQUARD

A variety of patterns and colors as original for your GM car.

TRIMS

Windlace, edgewelt, wire on, hidem, and binding are available in both vinyl and coachlace. Our coachlace is custom woven exclusively for LeBaron Bonney to duplicate the original trim.

The best way to serve our customers is for them to send a sample or description of the material they are seeking. We will provide samples of our closest match at no charge, as well as coordinating products. The year and make of the vehicle will be helpful in our effort to serve you.

We also offer complete sample assortments as listed below. Each assortment contains every color and style fabric available in that category. Headlining, windlace and trim samples are included where appropriate. Free shipping. Please inquire.

Mufflers & Related Items

A-5230-SS

A-5230

Authentic Ford Mufflers

An authentic copy of the original muffler, built to Ford blueprints. The flange is the right size and shape, fits correctly and requires no bending for adjustment. This muffler also has the correct baffling system to create that Model A sound. There is very low back-pressure which means more power and a slightly lower operating temperature. All of the tubing is the same size throughout the tube. Mandrill bending is used as originally specified, maintaining the full cross-section at all points along the pipes. Good to 80 h.p. High performance 140 h.p. mufflers available. Mufflers are **UPS oversized - actual shipping & handling will be charged.**

A-5230-SS	1928-31 Ford Muffler - 100% stainless steel	\$300.00
A-5230-B	1928-31 Ford Muffler - original all steel, painted black with high heat paint.....	\$210.00

Ford Car Covers

We carry several types of Covercraft car covers to suit any need. Use the charts to help you choose the one right for you.

Technalon®

High tech 4-ply fabric is soft, non-abrasive, and rain resistant. This breathable non-woven fabric will not rot or mildew. Custom fit for Ford models listed below. Stocked in tan.

C13108TK	Model A sedan.....	\$210.00	C210TK	1955-56 Sed,Cpe,Conv	\$210.00
C12824TK	Model A coupe	\$210.00	C306TK	1957-58 Sed,Cpe,Conv	\$250.00
C118TK	Model A roadster	\$210.00	C2066TK	1959 Sedans.....	\$250.00
C2502TK	Model A pickup.....	\$210.00	C10787TK	1957-8 Cus & Cus 300	\$250.00
C14714TK	Model A phaeton.....	\$210.00	C203TK	1957-59 Retractable.....	\$250.00
C591TK	Model A victoria.....	\$210.00	BAGTK	Storage bag	\$6.75

Polycotton 65% poly 35% cotton

Extremely durable, breathable gray polycotton fabric is mildew resistant and water repellent. Most suitable for indoor storage. Soft for paint protection. By Covercraft. Available in gray only.

C13108PD	Model A sedan	\$180.00	C210PD	1955-56 Sed,Cpe,Conv	\$180.00
C12824PD	Model A coupe	\$180.00	C306PD	1957-58 Sed,Cpe,Conv	\$210.00
C118PD	Model A roadster.....	\$180.00	C2066PD	1959 Sedans.....	\$210.00
C14714PD	Model A phaeton.....	\$180.00	C10787PD	1957-8 Cus & Cus 300.....	\$210.00
C591PD	Model A victoria.....	\$180.00	C203PD	1957-59 Retractable	\$210.00
C2502PD	Model A pickup	\$180.00	BAGPD	Storage bag	\$6.75

Multibond

Lightweight and easy to use, soft and non-abrasive, multibond fabric will not scratch paint. It uses 3-layer polypropylene construction for moisture and dust resistance. Can be used for inside or outside storage. An excellent value. Gray only.

C13108SG	Model A sedan	\$140.00	C210SG	1955-56 Sed,Cpe,Conv	\$140.00
C12824SG	Model A coupe	\$140.00	C306SG	1957-58 Sed,Cpe,Conv	\$150.00
C118SG	Model A roadster	\$140.00	C2066SG	1959 Sedans.....	\$150.00
C14714SG	Model A phaeton.....	\$140.00	C10787SG	1957-8 Cus & Cus 300	\$150.00
C591SG	Model A victoria	\$140.00	C203SG	1957-59 Retractable	\$150.00
C2502SG	Model A pickup	\$140.00	BAGSG	Multibond storage bag	\$6.75

NOAH®

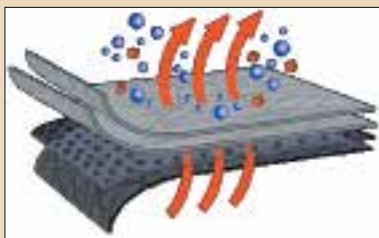

Manufactured by Kimberly-Clark®, NOAH's excellent barrier properties stop most dust, dirt and pollutants. NOAH's outer layer is very UV resistant. The middle layer provides exceptional breathability, allowing moisture to evaporate away from the vehicle's finish out into the air. A strong, non-woven soft material that will protect your paint and not stretch or shrink. Gray only.

C13108NH	Model A sedan.....	\$240.00	C210NH	1955-56 Sed,Cpe,Conv	\$245.00
C12824NH	Model A coupe	\$240.00	C306NH	1957-58 Sed,Cpe,Conv	\$280.00
C118NH	Model A roadster	\$240.00	C2066NH	1959 Sedans.....	\$280.00
C14714NH	Model A phaeton.....	\$240.00	C10787NH	1957-8 Cus & Cus 300	\$280.00
C591NH	Model A victoria	\$240.00	C203NH	1957-59 Retractable.....	\$280.00
C2502NH	Model A pickup	\$240.00	BAGNH	NOAH storage bag.....	\$6.75

WeatherShield HP

The best car cover we offer. Very lightweight, yet extremely durable. The fabric sheds water as soon as it hits the cover. Just shake the cover and it is dry in minutes. Because it is highly breathable, any heat or condensation under the cover escapes easily. Unlike non-woven fabrics, you can use your home washer and dryer. Stocked in gray. Taupe available as special order.

C13108PG	Model A sedan.....	\$340.00	C210PG	1955-56 Sed,Cpe,Conv ..	\$340.00
C12824PG	Model A coupe	\$340.00	C306PG	1957-58 Sed,Cpe,Conv	\$400.00

Note: Mirror pockets for door mounted mirrors are available at no extra charge when ordering a car cover. Directions for stitching the pockets onto the car cover are included. Just mention you will need mirror pockets and they will be added to your order.

Note: Special order car covers are available for many models not listed here. Please inquire. Car covers not in stock at time of order will be factory drop shipped. Please allow one to two weeks lead time.

Towing a vehicle with a car cover on it will cause the cover to tear and will void the warranty.

Cable Lock

FA141 Cable lock is ideal to secure car covers, trailer accessories etc. Coated cable with brass padlock and keys.....\$7.25

AcoustiSHIELD Insulation & Sound Damping System

Turn your Model A into a quiet riding machine. AcoustiSHIELD is a multi-stage insulation and sound damping system designed to insulate and control the noise, vibration and heat in the vehicle. Each kit has been fitted to a Model A to assure a perfect fit.

Each kit includes fully illustrated instructions, dynamat extreme, pre-sized sound damper pads, pre-trimmed heat absorber/barrier panels, spray adhesive and sealing tape. You won't believe how quiet your ride will be!

Kits listed here include a floor kit, body panel kit, cowl kit, roof insulation where appropriate, door damper kit, and for roadsters and coupes - a trunk kit. Individual section acoustishield kits can be found for sale on our website, or inquire.

Rod-Lites

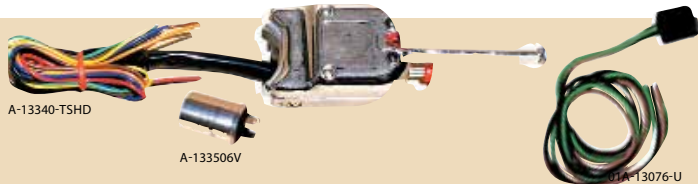

Rod-Lites are the perfect solution for the problem of parking lights & turn signals on street rods or restorations. These lights can be adapted to fit on bumper braces, front splash aprons, headlamp bars and between Model A bumper bars. Die cast and chrome plated for superior quality. Amber lenses and slotted stainless steel screws are included. 12 volt bulbs are installed. The medium and large Rod-Lites come with dual filament bulbs for use as turn signals. Wires pass thru the mounting bolt for a clean hi-tech look.

Rear Window Frames & Glass

Rear window frames consist of outer and inner frames with internal grippers to hold topping material. Machine screws are included. (See fastener section for screws sold separate). Model A standard frames are painted black on both sides; deluxe and V8 frames have stainless steel outer frames and tan painted inner frames, unless specified otherwise. Our frames are sized for Fords but will fit many makes. See outer diameter dimensions.

Ford Top Irons & Parts

Open Cab Pickup Folding Top Irons and Wood Bows

These non-original folding top irons and bows were developed by LeBaron Bonney to provide our customers with a deluxe alternative to the stock open cab pickup. The top bows and irons have been carefully designed to retain the proper outward appearance once the top is installed. Top irons are available in all stainless steel, and black or tan with stainless steel lower arms. Deluxe height irons are also available for use with deluxe open cab windshield and stanchions.

Open Car Top Parts

Ford Model A's and 1932 Roadster Top Assemblies

LeBaron Bonney offers a line of "Complete Top Assemblies" for Ford Model A Roadsters, Pickups and Phaetons, as well as 1932 stock & chopped Roadsters.

Using a "rigid mock-up" to ensure consistent high quality and accuracy, we install our top kit on to new original style reproduction irons & wood bows, resulting in a truly impressive top assembly. We have made literally thousands of these complete assemblies and we know how to get it right!

A new rear window frame with glass is also installed in the rear curtain where original. Necessary accessories ...top prop nuts, thumb screws and tack rail fasteners for attaching the assembly to your vehicle are also included.

Original type material and colors are offered for each model including our exclusive Olive Drab Stayfast which was "the only top color offered by Ford on the 1930-31 Deluxe Roadster and 1930-31 2-door Phaetons".

We are also able to use your original irons and bows, if in satisfactory condition, in building the assembly.

For a free information package on your model, including prices, fabric samples, delivery time and ordering information, give us a call 1-800-221-5408 or request on our web site www.lebaronbonney.com.

Model A Closed Car Roof Bows

TP346 Oak bows cut to the correct arc. 45"\$7.75 ea.

Wire-on Welting for Closed Car Tops

Wire-on welting can be used on your vehicle's top if the original metal moulding is not available. Just nail it down, then fold it over to cover the nails. Forms a nice beading around your top.

X148W Black vinyl wire-on\$3.00 yd.

Wire-on and hidem welting is included in closed car roof kits for 1928-31 Fords.

Hidem Welting for Closed Car Tops

Hidem welting is a split style trim. The middle opens for tacking, and then is closed to hide the fasteners, forming a neat trim around the top. Used on 1928-29 Closed Cab Pickup, AA Panel Delivery and 1931 Special Delivery.

X148H Black vinyl hidem.....\$1.95 yd.

Wire-on and hidem welting is included in closed car roof kits for 1928-31 Fords.

POR 15® Restoration Products

Get the job done and done for good with these restoration products from Por15, a trusted name in this business for many years. With new and improved products to assist you in restoring and maintaining your vehicle. You will be amazed!

Por15 products must be sent via ground shipping only.

Por15 Cleaner Degreaser™ - Step One

Cleans and degreases in one application - no residues, noxious fumes or flammable solvents. Removes oil, grease, mildew, algae, musty odors, soap film and wax.

This product can be used to clean canvas, vinyl, nylon, auto parts, grease traps, and more.

MC-QT Quart\$12.00
MC-GL Gallon\$25.00

Por15 Metal Prep™ - Step Two

Neutralize rust and provide the best adhesion possible on any surface, including aluminum and shiny polished metal surfaces. Metal Prep gently etches metal, which creates the ideal anchor pattern for coatings such as POR-15. This simple one step process leaves a zinc phosphate film to allow a chemical bonding of paint and steel.

MR-QT Quart\$17.50
MR-GL Gallon\$36.00

Por15 Rust Preventive Coating™ - Step Three

A proven product for stopping rust permanently. It can be coated right onto rusty surfaces, providing a rock-hard finish that does not crack, peel or chip. It is so tough you can use it in places where no paint would last such as under-carriages and frames. It is also flexible, withstanding twisting and bending without cracking. A remarkable product! For use as primer or finish coat. Can be used alone or use all 4 steps. Gallons available in gloss black or semi-gloss black Quarts available in black, silver, gray, or semi-gloss black.

POR-QTGY Gray POR-QTSV Silver
POR-QTBK Gloss Black POR-QTSG Semi Gloss Black
Quarts.....\$51.00

POR-GLBK Gloss black POR-GLSG Semi Gloss Black
Gallons.....\$166.00

Por15 Top Coat™ - Step Four

Top Coat is a direct-to-metal coating designed to work well in all applications where preserving substrates susceptible to corrosion is needed. Top Coat has long-term gloss and color retention against UV rays and weather. Can be used directly onto metal substrates with no primer or undercoat. This product has excellent adhesion and when used with Por15Rust Preventive Coating can provide a permanent barrier to corrosion.

TC-QTBC Gloss Black\$39.00
TC-QTCC Chassis Coat\$39.00
TC-QTSS Silver.....\$39.00

Paint Spouts

Eliminate messy drips and waste with these flexible paint spouts. Keeps grooves clean and easy to reopen.

PS-1.....\$2.00 each

Por15 Six Pack™ - Black

Convenience and efficiency by opening only small amounts. Each can covers 12 sq. ft.

POR15-6BK Gloss black.....\$57.00

Por15 Solvent™

Specially formulated for thinning and clean-up of Por15.

SV-QT Quart\$15.00

AP 120 Metal Prep™

Designed for use with Glisten PC (see below) clearcoat. AP 120 guarantees perfect adhesion of Glisten PC to any metal surface, especially chrome or polished aluminum. This product is non-flammable with no noxious fumes.

AP-120 20oz.....\$11.00

Por15 Glisten PC™

A dual component clear coating system that protects bright metal such as chrome bumpers, grills, aluminum wheels, lights, and hood ornaments. Glisten PC is a rock hard, high gloss, water-clear topcoat that can be used on all metal surfaces. When applying over polished metals, you must use AP 120 Metal Prep. (see above)

GPC-PT Pint.....\$42.00
GPC-QT Quart\$73.00

Por15 Metal Mask™

A super tough, chip and scratch resistant coating that looks just like brand new cast iron or bare steel! Use on any originally unpainted chassis parts such as gas tanks, hinges, leaf springs, bolt heads, coil springs, master cylinders, and so on. If using metal mask on rusty parts, it's recommended to first coat with Por15 Rust Preventive Coating.

MM-QT Quart\$54.00

Por15 WhiteCote™

This is a two-component coating for use over primed or painted surfaces. Moisture cured, so exposure to moisture and humidity improves its performance. When fully cured, it is rock hard, non-porous, and tough. Can be brushed on without worry of leaving brush marks. Hardener activator included.

WC-QT Quart\$73.00

Por15 Engine Enamels™

Por15 engine enamels are super tough yet incredibly beautiful and rich in color. These extra-pigment enamels cover better than any other paint, are non-flammable and conform to the strictest California environmental regulations. Specify color with order. One pint is enough for an entire engine.

All Pint\$27.00

Por15 Self Etch Primer™

Use this over cured Por15 and another basecoats. It's specifically engineered as a quick drying bonding coat for Por15. It is not a high-build primer - see Tie-Coat Primer listed below for primer-filler applications.

SEP-15 15 oz. spray.....\$31.00
SEP-QT Quart\$56.00

Por15 Tie-Coat Primer™

You can prime and paint over cured Por15 with Tie-Coat Primer. No need to rough up or de-gloss the cured Por15 surface. It's a polyurethane primer that sands smoothly, yet tough, with special adhesion surfaces that make it perfect for most painted surfaces.

TCP-QT Quart.\$31.00

Por15 High Temp Paint™

Guaranteed to maintain rich, brilliant colors without burning off or discoloring. High Temp withstands extreme temps up to 1200 degrees F and is extremely weather, salt and moisture resistant. Available in three colors:

P20-8	Aluminum
MFG-8	Manifold Gray
BVP-8	Flat Black
Aerosol\$25.00

Get the job done and done for good with these restoration products from Por15, a trusted name in this business for many years. With new and improved products to assist you in restoring and maintaining your vehicle. You will be amazed!
Por15 products must be sent via ground shipping only.

POR 15® Restoration Products

Por15 Power Mesh Reinforcing Fabric™

This is a special fiberglass reinforcing fabric that can be used with Por15 Rust Preventive paint to bridge gaps and repair holes in sheet metal. Wear gloves when handling this product as it is made of fiberglass.

PM1 1 Square Yard.....\$10.00

Por15 Patch™

Used for filling seams or holes. It's rock hard but remains flexible and when dry it's impervious to fuels and solvents.

Available in white or black 4 oz. tubes. Permanently seals seams. Fixes holes in fuel tanks. Bonds to steel, wood or plastic. Repairs loose furniture joints. Repairs concrete and cinder blocks.

PPB Black.....\$18.00
 PPW White.....\$18.00

Por15 Fuel Tank Sealer™

A high tech sealer with superior strength that is impervious to all fuels. Does not contain MEK (methyl ethyl ketone), which is highly flammable and cancer causing. Permanently stops rust, corrosion and leaks. Permanently flexible. This product is non-flammable and is environmentally safe.

FTSQ Quart can\$44.00

Por15 Paint Stripper (Strip Gel)™

A product providing a superior formula resulting in highly effective paint remover. Quickly removes the toughest automotive coatings from metal surfaces. This thick formula allows you to work in vertical situations and difficult to reposition projects. Results in 5 minutes!

PSG 1 Gallon\$49.00

Por15 Epoxy Putty™

A product strong enough to drill & tap yet gentle enough to apply with your bare hands. Epoxy Putty is water based which allows you to wet it with your fingers to smooth it out, eliminating a lot of work sanding. Cures underwater for use patching basement walls, pools, etc. Great for steering wheels, plastic parts/knobs, filling rust pits & holes in steel, hinges, latches & much more.

EPU 1 Pound Pack.....\$33.00

Por15 Rubberized Under Coating™

A black coating that is flexible and paintable. Provides a moisture barrier for application over body repairs while creating an effective vibration reducing sound barrier. Great for use over Rust Preventive Coating with great resistance to road salt, dust penetration and exhaust fumes.

POR-RUC 17 oz.....\$21.00

Evapo-Rust

Removes rust in as little as 5 minutes. Non-toxic, non-corrosive, safe on skin. Non-flammable; No VOCs. Biodegradable, water soluble. Will not harm unrusted steel. Contains no acids, bases, solvents or other toxic ingredients. Can be disposed of safely into sewer. Safe on other metals. Will not affect rubber, plastic, PVC, Viton and most paints. No fumes or bad odors.

ER-GL Gallon.....\$28.95

Kwik Poly

is a Polyol product using two agents, a base and a catalyst. It is a combination filler, coating, and bonding agent. It can be sanded, drilled, sawed and nailed, shaped, molded and much more! Use as a filler in wood, metal, fiberglass; as a sealer; glue; tank sealer, insulator; preservative and so forth. Make your own repairs! Save money! Each kit comes with liquid, gloves, measuring cups, brushes and thickening agent.

KP-PT Pint kit\$15.00
 KP-QT Quart kit\$35.00
 KP-HG Half Gallon*\$47.00
 *Half Gallon does not include gloves, brushes or cups

Por15 Restoration and Repair Kits

Por15 Super Starter Kit™

Try out the 3-step rust stopping system to see just how super it really is. You'll get a 4 oz. can of Rust Preventive Coating (covers 12 square feet), a half pint of Cleaner Degreaser, a half pint of Metal Prep, 2 wooden handle paint brushes, and a pair of special high dexterity surgical gloves.

SK-BK Black.....\$22.00

Por15 Fuel Tank Repair Kit-Auto™

This repair kit contains what you need to repair and restore your tank to proper working order. Kit includes: Cleaner & degreaser to remove gum, sludge and oil. Metal Prep to dissolve rust and prepare for sealer. Fuel Tank Sealer to permanently seal tank. Detailed instructions. Tank must be clean before beginning use of this kit.

FTKA\$87.00

Por15 Motorcycle Fuel Tank Repair Kit™

Designed for bikes, outboards, generators, recreation vehicles, snowmobiles etc. Includes Cleaner & Degreaser, Metal Prep, Fuel Tank Sealer, Cloth Patch, Brush, Detailed instructions.

FTKM.....\$56.00

Use to repair floor pans, trunk pans, pickup beds, etc. You'll save hundreds of dollars in replacement costs while ending up with a better product too - one that will never rust again! Everything needed is included. Kit includes: Cleaner & Degreaser, Metal Prep to dissolve rust and prep the metal, Rust Preventive Coating to rustproof your engine (black and silver), Power Mesh reinforcing fabric, Epoxy Putty, POR-15 Solvent, Chassis Coat Black, 4 Brushes, Safety Face Mask, Dispensing Scoop, Latex Gloves, and detailed instructions.

FPT-BK.....\$185.00

All Purpose Awl

Osborne No. 18 This tool assists in the installation of roof, windows, windshield rubber and back glass. It can be used to remove body clips, moldings and for spring pulling and cotter pin extracting. Great for those hard to reach places. Tempered end. US18\$13.25

Square Point Knife

Osborne No. 77 This knife is used by upholsters and trimmers. The blade is 5/8" wide by 3 7/8" long. The safety guard was developed to meet a long standing need in safety design. US77\$7.95 ea.

Magnetic Nail & Tack Placer

Osborne No. 631 A superior quality nail or tack holder. 5/8" octagon shank is made of stainless steel with a powerful permanent alnico magnet inserted in the tip. Can be used to set tacks in a tight place.
US631-5 5 1/2", 8 oz\$27.95 ea.
US631-8 8", 12 oz\$39.95 ea.

Heavy Duty Scratch Awl

Osborne No. 4 Best quality steel blade with plastic handle. US156\$3.95

Mundial Heavy-Duty Bent Trimmers

Hot drop-forged knife edge trimmers are extra sharp for easy cutting and trimming. Nickel plated steel blades. US128 10"\$40.95

Auto Trimmer's and Tucking Tool

Osborne No. 746 Flexible. For tucking headliner above doors, around windows and other hard to reach places. A sturdy tough tool with slightly curved blade that has finished edges and rounded corner. US159\$22.75

Self-Centering Punch Set

Osborne No. K-156 A handy and versatile kit contains threaded handle with self-centering pointed plunger. The handle accommodates nine cutting tubes in sizes 1/4", 5/16", 3/8", 7/16", 1/2", 5/8", 3/4", 7/8" and 1". The punches will cleanly cut leather, fabric, rubber, paper, plastic and other soft materials. USK156\$75.00

Rawhide Mallets. Osborne No. 196

The head of this mallet is made entirely of rolled rawhide. It is recommended for many jobs where the user wishes to avoid scarring, such as closing wire-on on a soft top. It is also good to use with the above punch set instead of a metal head hammer. Size 4, 2" face diam., 3 1/2" head length, 10" handle, 12 oz. weight. US196-4\$38.00

Hickory Mallet

Osborne No. 89.5 Made of second growth hickory, carefully finished and well balanced. US895\$18.00

Rubber Mallet

Osborne No. 396 Size 2, 1 7/8" face diam, 3 1/4" head length, 10" handle length, 12 oz. weight. US396-2\$13.10 ea.

Door Handle Clip Remover

Osborne No. 758 An industry standard. Plated. US758\$6.00 ea

Hog Ring Pliers

Osborne #1440-AO, 1440-BO, & 1440-CC

Professional quality hog ring pliers w/ straight vinyl covered handles & opening spring. US158\$33.00

Hog ring pliers as above, except handles are bent at 135 degree angle. US158B\$33.00

Hog ring pliers with handles bent to reach difficult spots. Closing spring style. US158C\$33.00
US132 100 hog rings\$1.35

Xuron Hog Ring Cutters

Simply put, the best hog ring cutters on the market today. US133\$13.50

Bronze Magnetic Tack Hammer

Osborne No. 33 Solid head of bronze. Steel tipped at one end for hammering, a magnetic tip at the other end for holding tacks. Length of head: 5 1/2", weight: 7 oz. US130\$34.00

Fancy Nail Hammer with Nylon Tip

Osborne No. 36 Similar to our popular No. 33 hammer, but the large face is fitted with a nylon tip to prevent damage to ornamental nails. Small face is magnetic. Head weight is 7 oz. US157\$29.00

Canvas or Leather Plier

Osborne No. 250 This is an excellent tool for stretching canvas and leather. The plier is made with a hammer jaw - the hammer acts as a lever if a strong pull is required. US250\$37.50

Tack and Staple Remover

Osborne No. 121 The staple and tack puller is made of forged steel with a wooden handle. Length overall: 6 1/2". US129\$18.95

Staple Lifter

Osborne No. 120 1/2 Manufactured from top grade steel. Electronically hardened working ends. Easy to grip plastic handle. US155\$19.95

Lamp Bulb Pliers

The easiest way to remove various sizes of round socket type bulbs. High quality pliers which are specially designed for the job. TL-102\$16.50

Tool Pouch

Reproduction Ford tool pouch, correct size and proper material.

DAMAGES, RETURNS AND PRICING

UPS DAMAGES: Inspect your order immediately. If there is any visible damage, sign for it as damaged. If damaged parts are discovered upon opening the package, notify UPS and us at once. Do not send any parts back to us. Keep the package and parts together as close as possible to the received condition. UPS will dispatch a representative to inspect the container and contents. Failure to comply with this policy may void your claim by UPS. Damaged items will be returned to us by UPS. Upon receipt of claim approval, we will ship replacement parts. If replacement parts are needed at once, you may purchase another and be refunded once your claim is settled. If assistance is needed, contact us.

PARCEL POST DAMAGES: Take the damaged carton to your local post office and file a claim there.

RETURNS: Please do not return any merchandise without prior authorization. Merchandise returned to us COD will be refused and returned to sender. We will replace any item that proves to be defective or incorrectly shipped, as long as they are in new and unused condition. Authorized returns must be made within 30 days of receipt, and must be accompanied by a Return Authorization Form (sent to you in your shipment). There is a 20% restocking charge for any merchandise returned without a valid reason. No returns will be accepted after one year.

PRICES: We make every effort to maintain the prices in this catalog, however, prices are subject to change without notice.

FORD SCRIPT PRODUCTS: All Ford Script items available through this catalog are Official Licensed Products of the Ford Motor Company.

LeBaron Bonney History

In late 1938 LeBaron Bonney began doing business as a family owned bicycle rental company on Cape Cod Massachusetts. After WWII, the business evolved to include production of new upholstered furniture. The company quickly established a reputation for quality upholstery work.

In 1959, LeBaron Bonney owner, Lee Atherton, purchased a 1930 Model A Deluxe Roadster to restore, and soon found there was no real solution for restoring the upholstery. Upon learning of Lee's dilemma, the trimmers in the furniture shop suggested they try duplicating the original interior and top. So good was the result that other vintage Ford owners, who took note of the quality work, asked if LeBaron Bonney could restore their upholstery. LeBaron Bonney was now in the auto interior business, and quickly became known within the automotive restoration community as the premier supplier of restoration correct Model A interiors.

Since the mid 1960's, LeBaron Bonney Company has been operating from the original Biddle and Smart Co. body plant in Amesbury, Massachusetts. Here carriages were manufactured from 1870 to the early 1900's. Auto bodies for many of the famous early automobile manufacturers were produced as well.

Over the years LeBaron Bonney has continued its expansion into the auto upholstery field with the purchase of Hampton Coach, ABC Auto Interiors, and EZ Boy Auto Interiors. Combining old world craftsmanship with modern production techniques, LeBaron Bonney Company has become the recognized leader in restoration correct interiors for Ford, Lincoln, Mercury, GM, Plymouth and other vehicle makes.

Also, through the EZ Boy division, the company offers custom interiors for a wide range of domestic and foreign automobiles and trucks.
